PROFESSIONAL SUMMARY

Computer Science undergraduate at SZABIST (graduating 2027) with practical engineering experience delivering full-stack web applications, cross-platform React Native mobile apps, and relational database systems. Delivered commercial software and conversion-focused digital platforms for 20+ clients, including driving a 29% sales increase for Aan Detergent, launching corporate consultation platforms, and developing offline desktop POS software. Proficient in TypeScript/JavaScript, PHP/Laravel, Python, PostgreSQL/MySQL, and modern agentic development workflows (Cursor, Claude Code, MCP). Active campus media host at SZAB FM Digital and experienced Model United Nations Committee Director.

TECHNICAL & AI SKILLS MATRIX

- **Languages & Core:** TypeScript, JavaScript (ES6+), PHP, Python, SQL, HTML5, CSS3, C/C++.
- **Frontend & Mobile:** React.js, React Native, Expo Go, Tailwind CSS, Inertia.js, Vite, State Management, Responsive Design.
- **Backend & APIs:** Laravel, Node.js, Express.js, Core PHP, RESTful APIs, MVC Architecture, JWT Authentication, Async Programming.
- **Databases & Cloud:** PostgreSQL, MySQL, Firebase (Cloud Firestore & Authentication), Schema Design, Query Optimization, Indexing.
- **AI & Developer Tooling:** Model Context Protocol (MCP), Cursor IDE, Claude Code, Git, GitHub, Postman, Agile/Scrum, Linux basics.

FLAGSHIP SOFTWARE PROJECTS (FULL-STACK & MOBILE)

Aptivra – AI-Assisted Career Development & Recruitment Platform 2026 – Present | Ongoing FYP

Laravel, React, TypeScript, PostgreSQL, Python | github.com/lakhirMalik/Aptivra

- **Dual-Sided Architecture:** Architect dual-sided recruitment engine in a 2-developer team, designing modular React components and candidate assessment dashboards.
- **Relational Data Modeling:** Design normalized PostgreSQL relational schemas to manage candidate profiles, assessment scoring, and multi-tier applicant pipelines.
- **AI Microservice Integration:** Engineer Python-based AI parsing and matching microservices, interfacing with the primary web application via secure internal REST API endpoints.

YouthEcho – AI-Powered Civic Reporting Mobile App 2026 | Group

React Native, Expo, TypeScript, Firebase Firestore | github.com/Hallar57/YouthEcho

- **Mobile AI Interface:** Co-developed cross-platform mobile application featuring real-time AI conversational support, community issue reporting, and parental safety controls.
- **Real-Time Cloud Synchronization:** Implemented performant animated mobile components and offline-first state synchronization using Firebase Cloud Firestore and Auth.

SpendWise – Real-Time Personal Finance & Budget Tracker 2026 | Group

React Native, Expo Go, Firebase, JavaScript | github.com/DarkkCode/SpendWise

- **Cross-Platform Deployment:** Engineered and deployed cross-platform personal finance mobile app on Expo Go, managing global transaction state and responsive component rendering.
- **Dynamic Analytics & Cloud Sync:** Implemented real-time cloud data storage via Firebase Firestore, calculating dynamic expense analytics, category breakdowns, and savings targets.

WEB APPLICATIONS & SYSTEMS PROJECTS

BitHive – Full-Featured Community Discussion & Knowledge Forum 2025 | Solo

Laravel, PHP, Blade, JavaScript, MySQL, Tailwind CSS | github.com/DarkkCode/BitHive

- **Backend MVC Design:** Built full-featured web community forum with multi-tier authentication, threaded discussions, Q&A workflows, and dynamic dark/light interface state.
- **Database & Query Optimization:** Designed and indexed MySQL database schemas with foreign keys, ensuring efficient query retrieval and data integrity across active discussions.

Student Management System – Administrative Records Portal 2024 | Solo

Core PHP, MySQL, CSS | github.com/DarkkCode/Student-Management-System

- **CRUD Data Management:** Developed lightweight administrative records portal managing complete student lifecycle data through structured CRUD operations.
- **Database Search Integration:** Integrated dynamic keyword search filtering and structured database queries ensuring reliable relational data management.

PROFESSIONAL WORK EXPERIENCE

Freelance Full-Stack Developer & Solutions Engineer Jan 2023 – Present | Karachi, Pakistan

Virtuous Pak Agency & Private Engagements (20+ Clients)

- **Aan Detergent:** Engineered conversion-focused e-commerce web platform and full-funnel digital workflows at aandetergent.com, propelling a 29% sales surge within 3 months.
- **Noble Route Immigration:** Architected corporate consultation platform with structured lead-capture funnels and client inquiry pipelines at noble-route.com.
- **Maliha Abidi Official Site:** Designed and deployed official artist/author portfolio showcasing international publications, exhibitions, and media features at malihaabidi.com.
- **StatShop POS & Inventory System:** Developed offline desktop Point-of-Sale (POS) software featuring automated thermal receipt printing, barcode scanner integration, and real-time inventory ledger tracking.
- **Digital Campaign Operations:** Formulated and executed digital advertising campaigns across Meta Ads Manager and Google Ads, optimizing conversion rates and monitoring tracking analytics.

EDUCATION

Bachelor of Science in Computer Science (BSCS) Sep 2023 – Expected Oct 2027

Shaheed Zulfikar Ali Bhutto Institute of Science and Technology (SZABIST), Karachi

- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Systems, Web Engineering, Software Engineering, Discrete Mathematics, Operating Systems.

LEADERSHIP & CO-CURRICULAR ACTIVITIES

- **SZAB FM Digital (Host & Interviewer):** Host live campus broadcasts and interview industry leaders; distill complex technical topics into engaging discussions for campus audiences.
- **Model United Nations (MUN Dais Leadership):** Served as Committee Director (CD) and ACD directing 50+ delegates in high-pressure parliamentary debate; awarded Best Delegate and Honorable Mention.

CERTIFICATIONS & LANGUAGES

- **Certifications:** Google AI Essentials | Google Prompting Essentials Specialization | Google Digital Marketing.
- **Languages:** English (Professional Working Proficiency) | Urdu (Native / Bilingual) | Sindhi (Native).
